

# MACHYNE

A COMMUNITY OF MAKERS

# What is a Makerspace?

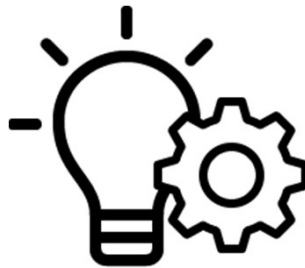

- *A physical facility with tools and resources that members of the public can utilize, typically via a monthly membership model.*
- *Individual members take short classes to learn how to use the tools and design resources, and then they may use them as if they were their own.*
- *This is distinct from, but may have attributes of:*

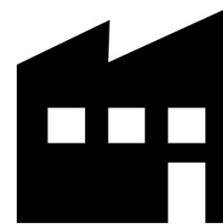

*Garage workshop*

*University  
machine shop*

*Corporate  
R&D lab*

*Commercial Job  
Shop*

*Design/Prototyping  
Service*

# What is **MACHYNE**

---

**A community-oriented makerspace with the classic tools and high-tech equipment needed to bring big ideas to life.**

**Our members —from startup founders and small businesses to corporate teams and hobbyists are united by a passion for creativity, collaboration and camaraderie.**

**A NEW HUB  
OF CREATIVITY  
AND INNOVATION.**

Machyne is located in HqO, the innovation hub of Indy's 16 Tech Innovation District.

HqO is also home to 1776—which manages 55,000 square feet of flexible work, incubation and convening space—and the AMP, an artisan marketplace featuring local food and beverage vendors and retailers in a vibrant environment.

**1776**  
WHERE REVOLUTIONS BEGIN  
★★★★★

**AMP**  
ARTISAN MARKETPLACE @ 16 TECH

**MACHYNE**

# Additional value within our community

---

## Meaningful connections and relationships with:

- local providers (job shops, manufacturers)
- local designers (from college students to professional firms)

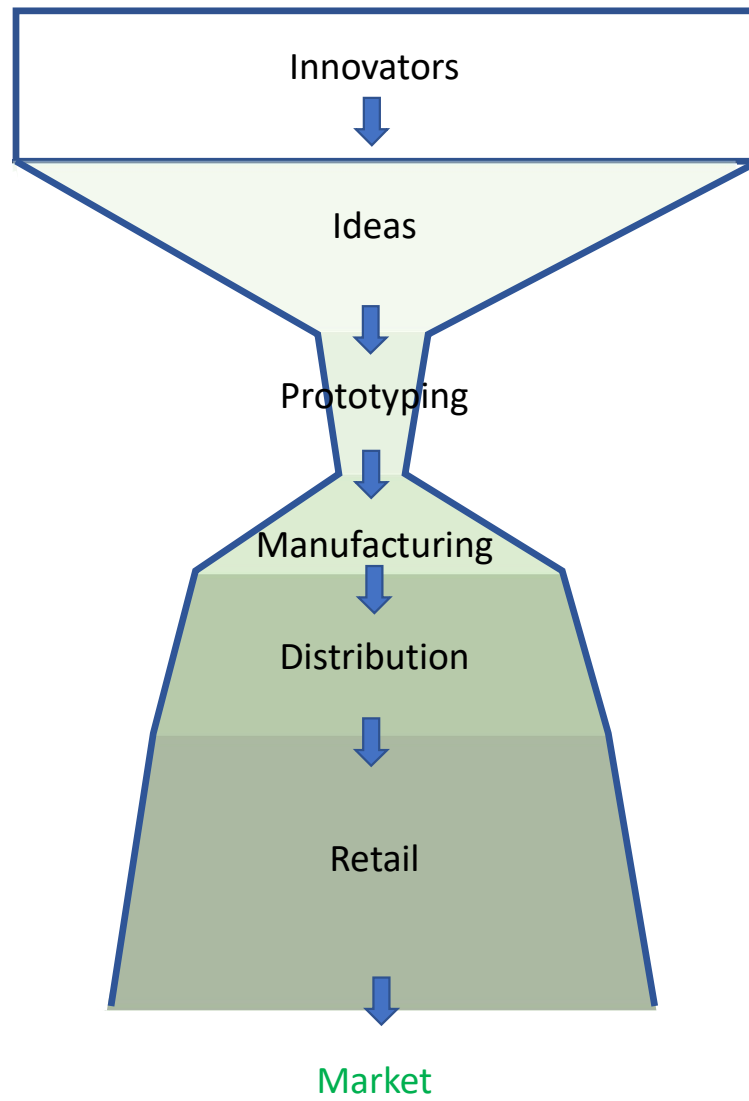

## Inspiration sprints

- Regularly “flex our muscles” in design, prototyping, and innovation

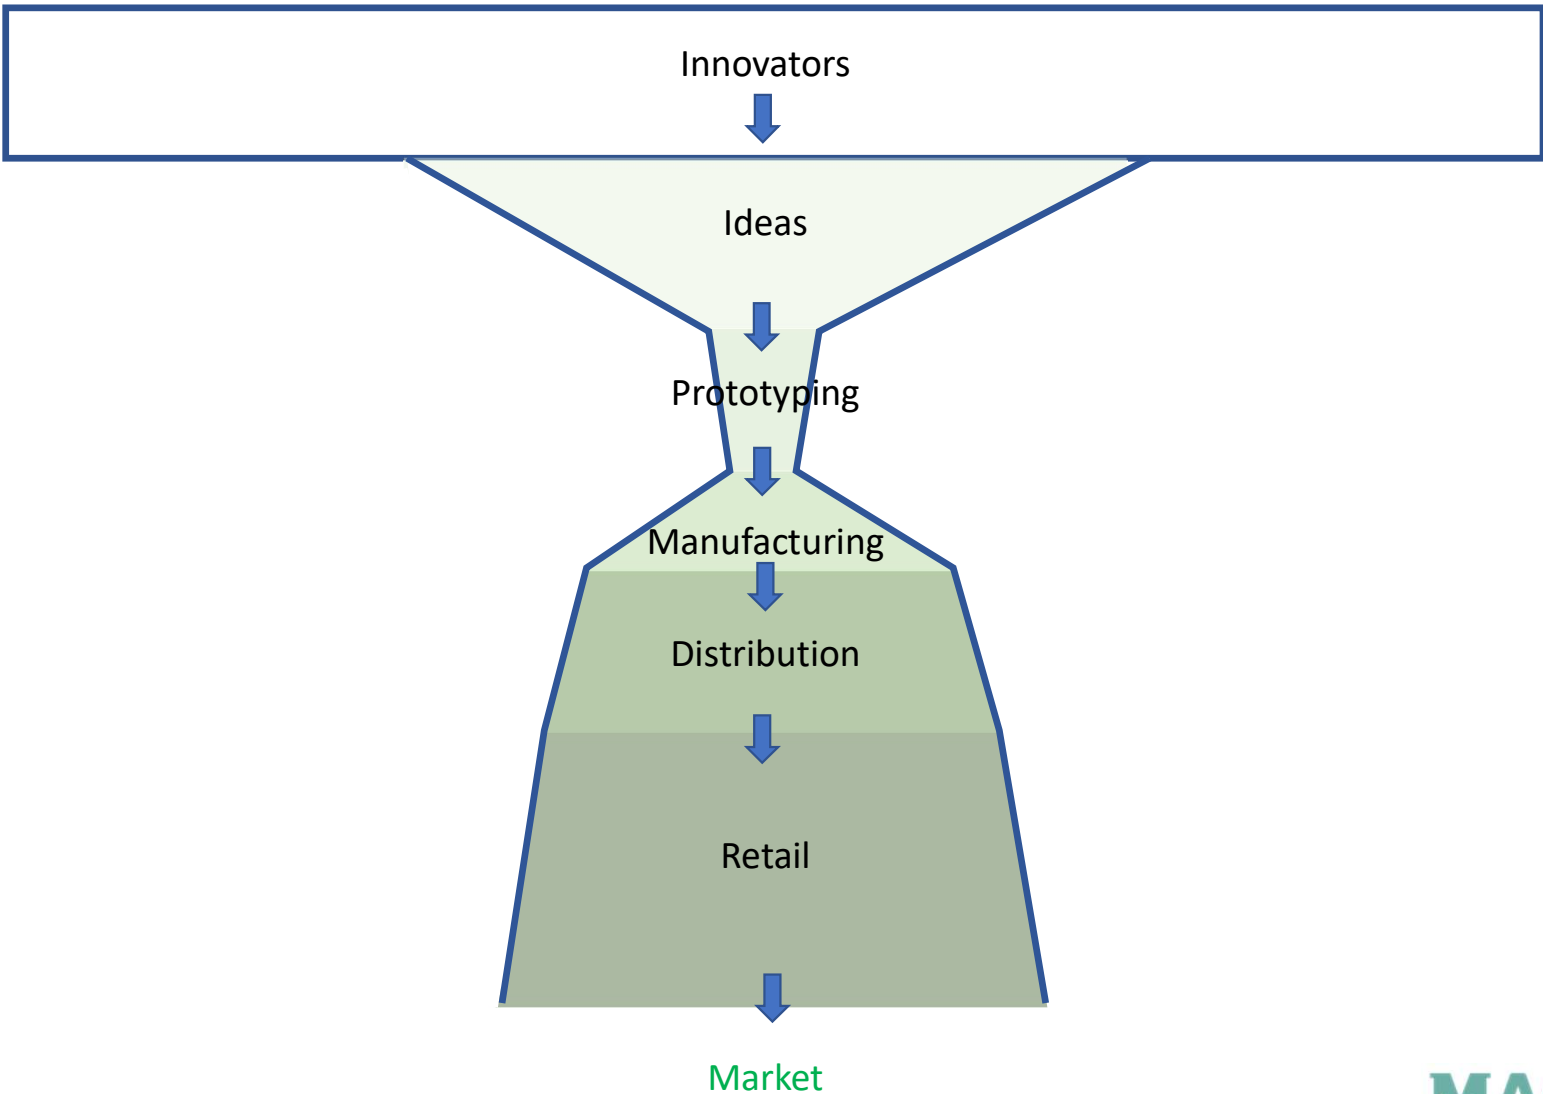

## Panel of experts – “oracle”

- A collection of experts who agree to answer questions regularly within our network
